“Regional Catchment Strategy Implementation” (Incentives)

Jeff Taylor

Manager – Strategy and Partnerships

Diverse, healthy landscapes; vibrant communities

North East Catchment Management Authority

Diverse, healthy landscapes; vibrant communities

Regional Catchment Strategy Implementation (Incentives)

Program Based

- Land
- Water
- Biodiversity
- People/Communities

Diverse, healthy landscapes; vibrant communities

RCS Implementation

Suite of Delivery Mechanisms Used

- Direct works
- Landholder Partnerships
- Grants
- Market based mechanisms (River Tender)
- Education
- Landcare Support

Diverse, healthy landscapes; vibrant communities

RCS Implementation

Strengths

- Variety to suit different circumstances
- Quality control over standard of works
- Capacity building
- Technical capacity in Programs

Diverse, healthy landscapes; vibrant communities

RCS Implementation

Weaknesses

- There will never be enough public funds to "fix" the environment
- Just touches the surface on Capacity Building

Diverse, healthy landscapes; vibrant communities
